

Atlantis: Lost Lands, Ancient Wisdom

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

Thames Hudson Ltd, United Kingdom, 1992. Paperback. Book Condition: New. 276 x 198 mm. Language: English . Brand New Book. Atlantis, the island-continent that vanished under the sea, is one of the most haunting themes of legend. Described by Plato more than two thousand years ago, it is, seemingly, a philosophic myth; yet one recounted with a magnificence and a wealth of detail which have convinced many that it must have had some reality. Prehistorians have seen Atlantis as the fountain-head of all civilization; mystics have had revelations about it; archeologists have claimed to locate it - sometimes in surprising places. But one fact little realized is that Plato's genius indirectly created a different myth from that which he intended - a unique case history in the workings of the human spirit as it searches for origins and the dawn of wisdom.
