Brand New Book ***** Print on Demand *****.Excerpt from A Nation s Youth: Physical Deterioration, Its Causes and Some Remedies Among the notices of my article on Physical Deterioration as it originally appeared in the March issue of the Fortnightly Review one of the most interesting was by Dr. C. W. Saleeby, who gave up to the subject his Scientific Notes in the Pall Mall Gazette of March 9th. Not only is Dr. Saleeby an authority on child physiology and psychology, but his testimony is the more valuable in that he is a well-known critic and opponent of Socialism, his latest published work, Individualism and Collectivism, being a championship of the former against the latter, somewhat on the lines of Spencer s Man versus the State. Consequently, nothing but the imperative necessity which, as a physician and psychologist, he perceives, would induce him thus to subscribe to more stringent Factory Acts. In the review above referred to Dr. Saleeby says: - The Countess of Warwick has some remarks in the current Fortnightly Review which urgently need all the emphasis that can possibly be lent to them. From one standpoint the fundamental argument against child labour in any shape or form is humanitarian. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
