How can we get more? The creation of POWER and ENERGY is the prime directive of the entire universe, for we cannot exist in such a place without producing power. So wrote Joe Scogna as he put the finishing touches on the 12 axioms of human energy and this manuscript. Note that power in this sense does not mean the ability to do work, which is the common definition, nor does it mean power over someone else, but rather, power in this book means the ability to create effects. To do this we must first think of or envision a finished result, take the necessary steps to make it happen and then propel it to fruition. We must be able to create! This is the prime directive of the universe and ensures our existence. In Project Isis, Scogna cleverly describes human energy in electrical terms, such as voltage, amperage, resistance, and current, as this best illustrates the transference of energy and communication between the BODY, the MIND, and the SPIRIT...
