Theophile Gautiers masterpiece Mademoiselle de Maupin might be better known for its lengthy preface than the actual novel itself. It is there in which the author discusses art for arts sake, arguing that everything useful is ugly. The novel itself is a historical romance based on the life of French opera star Julie dAubigny, better known as Mademoiselle Maupin. The subject of gossip and many colorful stories during her time, Mademoiselle Maupin was known as a first-rate swordswoman who often disguised herself as a man. In Mademoiselle de Maupin we find a love triangle between Chevalier dAlbert, a young French Gentleman who struggles with finding a woman that meets his idealistic expectations, Rosette whom he engages in an affair with to ease his boredom, and the dashing young Theodore, who is actually Maupin disguised as a man. Mademoiselle de Maupin is an excellent example of the French historical romance which in its time was considered somewhat controversial for its sexually orientated themes; by todays standards however it would be considered quite tame. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
