A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Summary: Praise for Tapestry Bead Crochet: Projects & Techniques : "This new book is a timeless classic. Ann Benson is a master of her craft and a true inspiration." - Sherry Serafini "Ann Benson has gathered a wealth of information about tapestry crochet. She supplies all you need to know about the materials, such as seed beads, crochet cotton, hooks, and needles. Basic techniques are covered, and there are many projects to choose from, including an MP3 player holder, a smashing pill-box hat, a variety of bags, and more, all delightfully covered in seed beads. Once you get the hang of following Ann's patterns, you can fill in the blank charts at the back of the book to express your own creativity. As a special bonus, a 40-minute DVD accompanies the book, bringing the pages to life!" - Bead & Button "Whether you are a beader who wants to learn to crochet or a crocheter who would like to learn to incorporate beads into your work, this book is for you.
